Independent Auditors' Report

Honorable Mayor and Members of the Borough Council Borough of Lodi, County of Bergen, New Jersey

We have audited the accompanying statements of financial position - regulatory basis of the various funds of the Borough of Lodi, State of New Jersey, as of and for the years ended December 31, 2011 and 2010, and the related statements of operations and changes in fund balance - regulatory basis, and statement of revenue and expenditures - regulatory basis as listed in the table of contents. These financial statements are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Borough of Lodi prepares its financial statements in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ from accounting principles generally accepted in the United States of America. The effect on the financial statements of the variances between the regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Independent Auditors' Report (Continued)

In our opinion, because of the Borough of Lodi's requirement to prepare it's financial statements on the basis of accounting discussed in preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the various funds of the Borough of Lodi, State of New Jersey, as of December 31, 2011 and 2010, or the results of it's operations and changes in fund balance for the years then ended.

Furthermore, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds of the Borough of Lodi, State of New Jersey at December 31, 2011 and 2010, and the results of its operations and the changes in fund balance of the individual funds for the years then ended, and the revenues and expenditures of the various funds for the years ended December 31, 2011 and 2010 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2012 on our consideration of the Borough of Lodi, State of New Jersey internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Independent Auditors' Report (Continued)

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedules of expenditures of federal awards and/or state financial assistance are presented for the purpose of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and State of New Jersey's Office of Management and Budget Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and are not a required part of the financial statements. In addition, the supplementary financial statement presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects, in relation to the financial statements of each of the respective individual funds and account groups taken as a whole.

Note 1 - Reporting Entity, Organization and Function

A. Introduction

The Borough of Lodi (the "Borough") is an municipal corporation of the State of New Jersey located within the County of Bergen, located approximately 9 miles west of the City of New York. The Borough's population according to the 2010 census is 24,136.

The Borough operates under the 1923 Municipal Manager form of government form of government. The voters elect five members of a council and the mayor is selected from the council. The council functions strictly as a legislative body and administrative functions are prohibited. The Council may investigate the administration, may determine internal organization and may create and abolish boards and departments. The Council appoints a municipal manager, tax assessor, treasurer, auditor, municipal clerk, and an attorney. The manager is the municipal chief executive and executes laws and policies. Further duties include the preparation of the budget for council consideration and attendance at meetings with a voice, but no vote. The manager recommends improvements and implements those approved, as well as over-sees contracts and franchises and reports violations. it is the responsibility of the manager to appoint and remove department heads and make all additional appointments not made by the council.

The Borough operated on a state fiscal year until June 30, 2009, a transition fiscal year from July 1 to December 31, 2009 and revertd back to a calendar fiscal year starting on January 1, 2010. The municipal budget includes the following generally stated municipal services:

General Government Functions Land Use Administration Functions Public Safety Functions Health and Human Service Functions Park and Recreation Functions Capital Improvements Debt Service Municipal Court Functions Code Enforcement Functions Educational Functions

B. Basis of Accounting

A modified accrual basis of accounting is followed with minor exceptions. Accounting principles prescribed for New Jersey municipalities by the Department of Community Affairs, Division of Local Government Services differ in certain respects from generally accepted accounting principles applicable to local government units.

C. Component Units

The financial statements of the component units of the municipality are not presented in accordance with Governmental Accounting Standards Board Statement No. 14. If the provisions of GASBS No. 14 had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the municipality:

Volunteer Fire Department Volunteer Ambulance Corp. Free Public Library

Note 2 - Summary of Significant Accounting Policies

Financial Statement Reporting

The financial statements contain all applicable funds and account groups in accordance with the "Requirements of Audit" and the "N.J. Comprehensive Annual Financial Report" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the municipality accounts for its financial transactions through the following separate funds which differs from the funds required by generally accepted accounting principles (GAAP).

A. Funds and Account Groups

The accounts are organized into the following funds and account groups:

<u>*Current</u> <u>Fund</u> - The Current Fund accounts for resources and expenditures for governmental operations of a general nature.</u>*

<u>Federal and State Grant Fund</u> - The Federal and State Grant Fund accounts for the budgeted and unbudgeted revenue/receipt, expenditure/disbursement of federal and state grants which qualify for accounting treatment more closely related to GAAP.

<u>*Trust*</u> <u>*Fund*</u> - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General</u> <u>Capital</u> <u>Fund</u> - The General Capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. It is also the only fund, other than the Current Fund, that possesses the statutory authority to issue debt.

<u>General Fixed Asset Account Group</u> - The General Fixed Asset Account Group accounts for Township owned real and personal property in accordance with Technical Accounting Directive #85-2.

B. Budgets and Budgetary Accounting

The municipality must adopt an annual budget in accordance with <u>N.J.S.A.</u> 40A:4 et al. <u>N.J.S.A.</u> 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten (10) days prior to the hearing in a newspaper published and circulated in the municipality. The public hearing must not be held less than twenty-eight (28) days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with <u>N.J.S.A.</u> 40A:4-9. An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of Local Finance Board. Budgets are adopted on the same basis of accounting utilized for the preparation of the municipalitie's financial statements.

C. Cash and Investments

New Jersey municipal units are required by <u>N.J.S.A.</u> 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or New Jersey Cash Management Fund. <u>N.J.S.A.</u> 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

The cash management plan adopted by the municipality requires that funds be deposited in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

<u>N.J.S.A.</u> 17:9-42 requires government units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act. Public funds are defined as the funds of any government unit. Public depositories include banks (both state and national banks), savings and loan institutions and savings banks, the deposits of which are federally insured. All public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depositories in the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units. All certificates of deposit are recorded as cash regardless of date of maturity.

D. Interfunds

Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

E. Inventories of Supplies

The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

F. General Fixed Assets

Property and equipment purchased by the Current and the General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized. Accounting for Governmental Fixed Assets, as promulgated by Technical Accounting Directive No. 2 as issued by the Division of Local Government Services, differs in certain respects from generally accepted accounting principles. The following is a brief description of the provisions of the Directive. Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. No depreciation on general fixed assets is recorded in the financial statements. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. Fixed assets acquired through grants-in-aid or contributed capital have not been accounted for separately.

G. Foreclosed Property

Foreclosed property is recorded in the Current Fund at the assessed value when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Asset Account Group. If such property is converted to a municipal use, it will be capitalized in the General Fixed Asset Account Group. GAAP requires property to be recorded in the General Fixed Asset Account Group at the market value at the time of acquisition.

H. Deferred Charges

The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with <u>N.J.S.A.</u> 40A:4-46 et al. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

I. Appropriation Reserves

Appropriation reserves covering unexpended appropriation balances are automatically created at year end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriation Reserves are not established under GAAP.

J. Liens Sold for Other Governmental Units

Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

K. Fund Balance

Fund Balances included in the current fund represent amounts available for anticipation as revenue in future years budgets, with certain restrictions.

L. Revenues

Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized as and when anticipated as such in the Township's budget. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP generally requires that grant revenues be recognized when the actual expenditures financed by the grant are made.

M. Property Tax Revenues

Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. Property taxes unpaid on April 1 of the year following their final due date are subject to tax sale in accordance with the statutes. The amount of taxes levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the entities that follow. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. GAAP requires such revenue to be recognized when available and measurable reduced by an allowance for doubtful accounts.

N. School Taxes

The municipality is responsible for levying, collecting and remitting school taxes for the Local School District. Operations are charged for the full amount required to be raised from taxation to operate the local school district for the period from July 1 to June 30. GAAP would require the recording of a deferred revenue.

O. County Taxes

The municipality is responsible for levying, collecting and remitting county taxes for the County. Operations are charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations are charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

P. Reserve for Uncollected Taxes

The inclusion of the "Reserve for Uncollected Taxes" appropriation in the municipalitie's annual budget protects from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations. A Reserve for Uncollected Taxes is not established under GAAP.

Q. Expenditures

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Outstanding encumbrances at December 31, are recorded as a cash liability. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on long term debt which is recognized when due.

R. Compensated Absences and Postemployment Benefits

Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis. GAAP requires that the amount that would normally be liquidated with expendable financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as long term obligations.

S. Total Columns on Combined Statements

Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

T. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

U. New Reporting Standard(s)

In July 2004, the Governmental Accounting Standards Board (GASB) adopted statement number 45, "Accounting and Financial Reporting by Employers for Post Employment Benefits Other than Pensions". This statement will become effective for governmental entities on a phased in basis based on the entities total annual revenues. This phase in began with fiscal years beginning after December 15, 2006 and continued thru December 15, 2008 depending on annual revenues. The Borough's effective date is the year beginning January 1, 2009. This statement will require Governmental entities to report the future cost of other post employment benefits (OPEB) on a present value basis instead of the present "pay as you go" method. Refer to footnote 14 for further information on the actuarial computation of this disclosure.

Note 3 - Cash and Cash Equivalents

Change funds, petty cash, cash in banks, certificates of deposit and funds on deposit with the New Jersey Cash Management Fund are considered cash and cash equivalents.

A. Deposits

New Jersey Statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), or by any other agencies of the United States that insures deposits, or the New Jersey Cash Management Fund.

All bank deposits as of the balance sheet date are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act. In general, bank deposits are classified as to credit risk by the three categories described below:

Category 1 - Insured or collateralized with securities held by the municipality or by its agent in the municipalitie's name.

Category 2 - Collateralized with securities held by the pledging public depository's trust department or agent in the municipalitie's name.

Category 3 - Uncollateralized, including any deposits that is collateralized with securities held by the pledging public depository, or by its trust department or agent but not in the municipalitie's name.

At December 31, the municipality's deposits categorized by level of risk are summarized as follows:

	Book		Category			Carrying
Year	 Balance	 1	 2	 3		 Amount
2011	\$ 10,117,164	\$ 10,508,266	-		-	\$ 10,508,266

SFY 2002	\$ 6,764,263	\$ 6,747,824	\$ -	\$	-	\$ 6,747,824

B. New Jersey Cash Management Fund

The State of New Jersey Cash Management Fund is managed by the State of New Jersey, Division of Investment under the Department of Treasury. It consists of U.S. Treasury obligations, government agency obligations, certificates of deposit and commercial paper.

Note 4 - Investments

New Jersey Statutes permit the municipality to purchase the following types of securities for investment:

a. Bonds or other obligations of the United States or obligations guaranteed by the United States of America.

b. Government Money Market Mutual Funds.

c. Any obligation that a federal agency or federal instrumentality has issued, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest.

d. Bonds or other obligations of municipalities or bonds or other obligations of school districts.

e. Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase that are approved by the New Jersey Department of Treasury, Division of Investments.

f. Local government investment pools.

g. Agreement for the repurchase of fully collateralized securities, if transacted in accordance with <u>N.J.S.A.</u> 40A:5-15.1(8a-8e).

No investments were held as of December 31, 2011.

Note 5 - Receivables

New Jersey municipal accounting procedures require accrued receivables to be off-set with a reserve originating with a charge to operations. Exceptions to this requirement include those grants used to fund capital projects reflected in the General Capital Fund, amounts due from the State of New Jersey for Veterans and Senior Citizens Deductions and public and private programs qualifying for grant accounting treatment in the Federal and State Grant Fund.

Note 6 - Commitments

The municipality is entered into a number of operating leases which vary on cancellation provisions and other terms. Annual requirements are provided for in appropriate department budget appropriations. Complete lease information is on file and available with the municipality.

Note 7 - Fixed Assets

The following is a summary of general fixed asset additions, deletions and adjustments:

2011

	 Beginning Balance	 Additions		 Deletions		Adjustment	is	 Ending Balance

Note 8 - Municipal Debt

A. Types of Municipal Debt

Capital Debt

The "Local Bond Law" of New Jersey Statutes governs the issuance of bonds and notes to finance capital expenditures, and are permitted only from the General Capital Fund. Bonds and Notes are backed by the full faith and credit of the municipality. Capital projects under financed under the Local Bond Law must have a minimum useful life of five years.

<u>Bond Anticipated Notes</u> - Bond Anticipation Note ("BANs") are issued to temporarily finance projects prior to the issuance of permanent bonds. Generally, the term of BANs can not exceed one year, but may be renewed from time to time for periods not exceeding one year, and ultimately paid or permanently financed no lated than the first day of the fifth month following the close of the tenth fiscal year following the original issue date of the BAN. New Jersey Statutes require that on or before the third anniversary date of the original BAN issue date, an amount at least equal to the first legally payable installment must be paid towards the BAN upon each renewal until permanently funded or retired.

<u>Bonds</u> - Bonds issued are retired in serial installments within statutory periods of usefulness. New Jersey Statutes limit installment increments unless approval for a non-conforming maturity schedule is approved by the Local Finance Board.

B. Comparative Summary of Debt and Remaining Borrowing Power

The following comparative information summarizes the statutory debt calculations of the municipality as reported on the municipality's Annual Debt Statement.

	December 31,			December 31,
		2011	_	2010
Issued: School Bonds and Notes General Bonds and Notes	\$	740,000 22,242,389 22,982,389	\$	1,105,000 23,142,093 24,247,093
Authorized but not Issued: General Bonds and Notes	\$	640,000	\$	700,000
Gross Debt	\$	23,622,389	\$	24,947,093
Deductions	\$	2,048,156	\$	2,489,966

BOROUGH OF LODI NOTES TO FINANCIAL STATEMENTS Year Ended December 31, 2011

Note 9 - Risk Management

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Boro should they occur. The Borough of Lodi is a member of the Bergen County Municipal Joint Insurance Fund (BJIF) and Municipal Excess Liability Joint Insurance Fund (MEL). The joint insurance funds are both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment and worker's compensation. The BJIF and MEL coverage amounts are on file with the Borough. The relationship between the Borough and respective insurance funds is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Borough is contractually obligated to make all annual and supplementary contributions to insurance, to report claims on a timely basis, cooperate with the management of the Fund, its claims investigation and settlement, and to follow risk management procedures as outlined by the insurance pools. Members have a contractual obligation to fund any deficit of the insurance fund attributable to a membership year during which the municipality was a member. The funds provide its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and preventive procedures to be followed by the members. There has been no significant reduction in insurance coverage from the previous year nor have been there been any settlements in excess of insurance coverage in any of the prior three years. Contributions to the Funds, including a reserve for contingencies, are payable in four installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the State of New Jersey provides the administration of payments to former employees of the Borough. The Borough is billed quarterly for benefits paid to former employees.

Note 10 - Interfunds

As of December 31, interfund balances on the Borough's various balance sheets were as follows:

		Interfunds Receivable		Interfunds Payable
<u>2011</u>				
Current Fund Trust Fund	\$	-	\$	2,862
General Capital Fund				-
	\$	2,862	\$	2,862
<u>2010</u>				-
Current Fund	\$	-	\$	-
Trust Fund General Capital Fund		-		-
	\$	-	\$	-

Note 11 - Deferred Charges to be Raised in Succeeding Budgets

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, the following deferred charges are shown on the balance sheet of the Current Fund:

Balance Current Period		Appropriated in Subsequent Year's Budget		Balance to Succeeding	
\$	-	\$	-	\$	-
	-		-		-
	-		-		-
	250,000		250,000		-

Note 12 - Retirement Plans

Those employees who are eligible for pension coverage are enrolled in either the Public Employees Retirement System of New Jersey (PERS) or the Police and Firemans' Retirement System of New Jersey (PFRS) and the Defined Contribution Retirement Program (DCRP). The systems are cost-sharing multiple-employer contributory defined benefit pension plans, and are component units of the State of New Jersey. Each retirement system has a Board of Trustees which is responsible for its organization and administration.

A. Public Employees' Retirement System (PERS)

<u>Description of the System</u> - The State of New Jersey Public Employees' Retirement System (the System; PERS) is a cost-sharing multiple-employer contributory defined benefit plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The System is included along with other state-administered pension trust and agency funds in the basic financial statements of the State of New Jersey.

At June 30, 2010 and 2009, the dates of the most recent actuarial valuations, participating employers consisted of the following:

	2010	2009
State of New Jersey	1	1
County Agencies	65	65
Municipalities	580	584
School Districts	581	566
Other Public Agencies	483	484
Total	1,710	1,700

The System's designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the System is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund. The System's Board of Trustees is primarily responsible for the administration of the System.

According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the System terminate.

A. Public Employees' Retirement System (PERS) (Continued)

<u>Vesting and Benefit</u> <u>Provisions</u> - The vesting and benefit provisions are set by <u>N.J.S.A.</u> 43:15A and 43:3B. The System provides retirement, death and disability benefits. All benefits vest after eight to ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the System.

For Tier 1 members, retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of final average salary for each year of service credit (as defined). Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years service credit, as defined, or they may elect deferred retirement after achieving eight to ten years of service credit, in which case benefits would begin the first day of the month after the member attains normal retirement age.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for earnings on their contributions at 2% per annum. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Eligible retirees receiving monthly benefits are entitled to cost-of-living adjustment (COLA) increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a 12-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in a dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. The COLA increases are funded by the retirement system and are included in the annual actuarial calculations of the required state-related employer contributions. Pursuant to the provisions of Chapter 78, P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. No further COLA increases will be granted. The law does not reduce any COLA increases that have already been added to retiree benefits.

Significant Legislation - Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and prior to November 2, 2008 (Tier 2 members) and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55. Also, this law provided that the amount of compensation for Tier 2 members used for employer and member contributions and benefits under the PERS cannot exceed the annual maximum wage contribution base for Social Security, pursuant to the Federal Incurance Contributions Act.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 1, 2008 and on or before May 21, 2010 (Tier 3 members). It also increased the minimum annual compensation required for membership eligibility for new Tier 3 members from \$1,500 to \$7,500 in addition to amending the early retirement reduction formula for Tier 3 members retiring with 25 years of service to 1% for every year between age 55 and 62, plus 3% for every year under age 55.

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS hired after May 21, 2010 (Tier 4 and 5 members) from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for these members of PERS to 1/60 from 1/55, and it provided that the retirement allowance for these members be calculated using the average annual compensation for the last five years of service instead of the last three years of service. Tier 4 and 5 members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for Tier 4 and 5 members of the PERS with disability insurance coverage similiar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 78, P.L. 2011, provides that new members of PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. Tier 5 members will be eligible for a service retirement benefit at age 65.

A. Public Employees' Retirement System (PERS) (Continued)

Membership in the system consisted of the following at June 30, 2010 and 2009, the dates of the most recent actuarial valuations:

	2010	2009
Retirees and beneficiaries currently receiving benefits and		
terminated employees entitled to benefits but not yet receiving them	141,973	138,619
Active Members:		
Vested	149,506	144,698
Non-Vested	159,593	172,151
Total Active Members	309,099	316,849
Total	451,072	455,468

B. Police and Firemen's Retirement System (PFRS)

Description of the System

State of New Jersey Police and Firemen's Retirement System (the System; PFRS) is a cost-sharing multipleemployer contributory defined benefit plan which was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. The System is included along with other state-administered pension trust and agency funds in the basic financial statements of the State of New Jersey.

At June 30, 2010 and 2009, the dates of the most recent actuarial valuations, participating employers consisted of the following:

	2010	2009
State of New Jersey	1	1
Municipalities	588	588
Total	589	589

The System's designated purpose is to provide retirement, death and disability benefits to its members. Membership in the System is mandatory for substantially all full-time county and municipal police or firemen, and state firemen or officer employees with police powers appointed after June 30, 1944. The System's Board of Trustees is primarily responsible for its administration.

According to State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the System terminate.

B. Police and Firemen's Retirement System (PFRS) (Continued)

Vesting and Benefit Provisions

The vesting and benefit provisions are set by N.J.S.A. 43:16A and 43:3B. The System provides retirement as well as death and disability benefits. All benefits vest after ten years of service except disability benefits which vest after four years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Final compensation equals the compensation for the final year of service prior to retirement. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. The maximum allowance is therefore 70% of final compensation. Pursuant to provisions of Chapter 78, P.L. 2011, the annual benefit under special retirement for members enrolled after June 28, 2011 (Tier 3 members), is 60% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. The maximum allowance is therefore 65% of final compensation.

Widow/widowers of members retired since December 18, 1967 receive 50% of the retiree's final compensation. The minimum annual widow/widower's benefits of an accidental disability retiree prior to December 18, 1967 and of all retirees since December 18, 1967 is \$4,500.

Members are always fully vested for their own contributions. In the case of death before retirement, members' beneficiaries are entitled to full payment of members' contributions providing no survivor death benefits are payable.

Eligible retirees receiving monthly benefits are entitled to cost-of-living (COLA) increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a 12-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in the dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. The COLA increases are funded by the retirement system and are included in the annual actuarial calculations of the required state and state-related employer contributions. Pursuant to the provisions of Chapter 78, P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. No further COLA increases will be granted. The law does not reduce any COLA increases that have already been added to retiree benefits.

Pursuant to Chapter 1, P.L. 2010, for new members of PFRS hired after May 21, 2010 (Tier 2 members), this law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

Membership in the System consisted of the following at June 30, 2010 and 2009 the dates of the most recent actuarial valuations:

	2010	2009
Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits	05.070	04.004
but not yet receiving them	35,973	34,364
Active members:		
Vested	29,552	29,400
Non-vested	14,652	15,750
Total active members	44,204	45,150
Total	80,177	79,514

C. Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and expanded under the provisions of Chapter 89, P.L. 2008.

The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Eligibility

Individuals eligible for membership in the DCRP include:

1) State or local officials who are elected or appointed on or after July 1, 2007

 2) Employees enrolled in the Public Employees Retirement System (PERS) or Teachers Pension and Annuity Fund (TPAF) on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; and
 3) Employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary for PERS or TPAF Membership Tier 3 enrollment (\$7,500 in 2009, subject to adjustment in future years) but who earn salary of at least \$1,500 annually.)

Employees enrolled in the PERS or TPAF on or after July 1, 2007 are subject to a maximum compensation limit for PERS and TPAF pension contributions. The maximum compensation is based on the annual maximum wage for Social Security (see chart below) and is subject to change at the start of each calendar year.

Enrollment

Eligible PERS or TPAF members are enrolled in the DCRP when the annual salary exceeds the maximum compensation limit. This may occur either:

Upon enrollment into the PERS or TPAF when an annual base salary is reported on the Enrollment Application that will exceed the maximum compensation; or when a PERS or TPAF member's annual salary is increased to where it will exceed the maximum compensation and it is reported by the employer to the Division of Pensions and Benefits (either by directly contacting the Division, or when submitted by the employer on the Quarterly Report of Contributions). When enrolled in the DCRP, members contribute 5.5% of the base salary in excess of the maximum compensation limit to a tax-deferred investment account established with Prudential Financial, which jointly administers the DCRP investments with the Division of Pensions and Benefits. Member contributions are matched by a 3% employer contribution based on the salary in excess of the maximum compensation limit.

It is important that an employer enroll a DCRP eligible PERS or TPAF member as soon as it is known that the employee's annual salary will exceed the maximum compensation, so that the DCRP account can be established in advance of collection of any required contributions.

Retirement

Six months before retirement, a member should contact the employer and Prudential Financial for information regarding DCRP benefits and options.

A DCRP member may elect to receive all or a portion of his/her account in a lump-sum distribution, or in a variety of periodic payment methods. Please contact your administrative services provider for more information. All returns of contributions and earnings are considered taxable in the year they are received; therefore, the type of payout plan should be considered carefully prior to retirement.

There is no minimum retirement age under the DCRP. The member will automatically be considered retired, regardless of age, if there is any distribution of mandatory contributions.

A member may take a distribution at any time after termination of employment; however, if you return to public employment in New Jersey, you cannot participate in any State-administered retirement system.

D. Contributions Required by Employer

	Year	Pension Percentage Cost Contributed		nsion igation
Police and Firemens' Pens	sion Fund (PFF	RS)

E. Trend Information

Historical trend information showing the plan's progress in accumulating sufficient assets to pay benefits when due are presented in the State of New Jersey's PERS, PFRS and DCRP financial reports. Those reports may be obtained by writing to the State of New Jersey, Department of Treasury Division of Pensions, Trenton, New Jersey.

Note 13 - Deferred Compensation Plans

A. Description

The Borough offers its qualifying volunteers participation in a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is administered by outside contractors, permit participants (qualifying volunteers) to defer a portion of their Borough contributions until future years. Amounts deferred under the plan are not available to participants until termination, retirement, unforeseeable emergency or, upon death, to their beneficiaries.

All amounts of Borough contribution deferred under the plan and all income attributable to those amounts are (until paid or made available to the qualifying volunteer or other beneficiary) solely the property and rights of the Borough subject only to the claims of the Borough's general creditors. Participants' rights under the plan are equal to those of general creditors of the Borough in an equal amount to the fair value of the deferred account for each participant.

It is the opinion of the Borough's legal counsel that the Borough has no liability for losses under the plan. Under the plan, participants select investments from alternatives offered by the plan administrators, who manages the plan on behalf of the Borough. Investment selection by the participants may change from time to time, as the Borough manages none of the investment selections. By making the selection, participants accept and assume all risks that adhere in the plan and its administration.

Information pertaining to the plan offered by the Borough is as follows:

Lincoln National Life Insurance Co.

This plan administers Borough contributions towards its Volunteer Length of Service Award Program (LOSAP).

	 2011
Assets, Beginning of Year (Market Value)	\$ 260,757
Municipal Contribution	21,000
Earnings and Adjustments to Market Value	(4,648)
Payments to Eligible Employees	(12,677)
Charges and Credits	 (2,732)
Assets, Ending of Year (Market Value)	\$ 261,700

Note 14 - Other Post Employment Benefits

A. Compensated Absences

The Borough has permitted certain employees and bargaining units to accrue unused sick pay which may be taken as time off or paid at a later date at an agreed upon rate. A detail of amounts due is on file in the Office of the Borough Manager - One Memorial Drive Lodi, NJ 07644 (973) 365-4005. In accordance with accounting practices prescribed by the Division of Local Government Services, this amount is not recorded as either an expenditure or a liability.

The Borough approximates this liability at December 31, 2011 to be \$3,100,000.

B. Health Care Benefits

The Borough provides, at its cost, post-employment health care benefits in accordance with the provisions of Chapter 88, P.L. 1974 as amended by Chapter 436, P.L. 1981 which permits local public employers to pay the premium charges for certain eligible pensioners and their dependents and to reimburse Part B Medicare premiums for such retirees and their spouses covered by the New Jersey State Health Benefits Program.

Plan Description: The Borough of Lodi contributes to the State Health Benefits Program ("SHBP"), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. The SHBP was established in 1961 under <u>N.J.S.A.</u> 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2008, the Borough of Lodi authorized participation in the SHPB's post-retirement benefit program through resolution number 09-91.

BOROUGH OF LODI NOTES TO FINANCIAL STATEMENTS Year Ended December 31, 2011

Note 14 - Other Post Employment Benefits

B. Health Care Benefits (Continued)

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at http://www.state.nj.us/treasury/pensions/pdf/financial/gasb-43-july2011.pdf.

Funding Policy: Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP as well as dental premiums are billed to the Borough of Lodi on a monthly basis. The 2011 rates charged by the system for each medical coverage category ranged from \$436.68 to \$2,141.70 per month and \$60 to \$173 per month for each dental coverage category.

The Borough of Lodi's contributions to SHBP (including separate dental benefit premiums) paid for the year ended December 31, 2011 for all bargaining units noted was approximately \$405,000, which equaled the required contributions for the year. There were approximately 18 retired participants eligible at December 31, 2011.

Note 14 - Other Post Employment Benefits

B. Health Care Benefits (Continued)

Eligibility for participation in the SHBP post-retirement benefit program by collective bargaining unit are as follows:

Lodi White Collar Employees Union, Lodi White Collar Department Heads and Supervisors Employee Association and The Lodi Public Works Association Lodi D.P.W. Unit

Employees with at least twenty five (25) years of service with the Borough of Lodi and at least fifty five (55) years of age upon retirement or separation from service provided such separation from service is for other than cause, are entitled to health benefits up to age sixty five (65) and the Borough shall provide the same medical plan, including family plan if applicable, as was provided to such retired employee on the last day of active service for the Borough subject to any limitations provided by law. At age sixty five (65) said health benefits shall terminate after which time the Borough shall reimburse the employee up to the amount of \$3,000 per year for any supplemental health coverage, provided that the employee purchases same and said reimbursement shall be payable to the employee upon receiving an invoice from the insurance company that provided the health coverage unless or except otherwise restricted by law. This reimbursement shall be made to eligible retirees for the remainder of their lives.

The Borough will maintain the prescription drug program and dental coverage as was provided to each retired employee on the last day of active service for the Borough up until age sixty five (65).

Any contribution required toward health care coverage as mandated by State law will be applicable to retireees covered per the above.

Note 14 - Other Post Employment Benefits

B. Health Care Benefits (Continued)

Municipal Manager

Upon retirement or termination from employment or non-renewal of the agreement between the Manager and the Borough, the Borough shall reimburse the Manager for an amount not to exceed \$5,000 per year for any supplemental health coverage, provided that the Manager purchases same and said reimbursement shall be payable to the Manager upon receiving an invoice from the insurance company that provided the health coverage unless or except otherwise restricted by law. This reimbursement shall be made to the Manager for the remainder of their life.

The Borough will maintain the prescription drug program and dental coverage as was provided to the Manager on the last day of active service for the Borough up to the qualifying age for Medicare.

Any contribution required toward health care coverage as mandated by State law will be applicable to the Manager per the above.

Chief of Police, Deputy Chief of Police and The Policemen's Benevolent Association, Local 26 (Lodi Unit)

Upon retirement, the employees coverered under this heading upon retirement or separation from service are entitled to health benefits up to the qualifying age for Medicare and the Borough shall provide the same medical plan, including family plan if applicable, as was provided to such retired employee on the last day of active service for the Borough subject to any limitations provided by law.

The Borough will maintain the prescription drug program and dental coverage as was provided to each retired employee on the last day of active service for the Borough up until the qualifying age for Medicare as primary coverage.

Upon reaching Medicare age, Medicare becomes the individual's primary coverage and the employer's continued coverage becomes secondary.

Any contribution required toward health care coverage as mandated by State law will be applicable to retireees covered per the above.

Note 15 - Contingencies

A. Litigation

The municipality is a party to various legal proceedings which normally occur in the operation of government. These proceedings are not likely to have a materially adverse affect on the various funds of the municipality.

B. Federal and State Grants

The municipality participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor agency. If expenditures are disallowed, the municipality may be required to reimburse the grantor agency. As of December 31, 2011, significant amounts of grant expenditures have not been audited. The municipality believes that any future disallowed expenditures will not have a material effect on its financial position.

C. Tax Appeals

Various tax appeal cases were pending in the New Jersey Tax Court at December 31, 2011 and 2010. Amounts claimed have not yet been determined. The Borough is vigorously defending its assessments in each case. Under the accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the Borough does not recognize a liability, if any, until these cases have been adjudicated. The Borough expects such amounts, if any, to be material. As of December 31, 2011 and 2010, the Borough did not record reserves in the Current Fund for tax appeals pending in the New Jersey Tax Court. Funding of any ultimate liability would be provided for in succeeding years' budgets, from fund balance or by issuance of refunding bonds.

Note 16 - Subsequent Events

As of the date of this report, the following are considered material subsequent events:

A. Subsequent Year Capital Projects

The Borough's 2012 Capital Budget currently includes the following:

	CIF and Other Funded Bond					nds & Notes
Purpose		Total		Sources	/	Authorized
#2012-06 Installation of Synthetic Turf Athletic Field at Lodi High School	\$	2,000,000	\$	100,000	\$	1,900,000
#2012-09 Improvements to Municipal Facilities		250,000		15,000		235,000
#2012-10 Acquisition of Vehicles		100,000		5,000		95,000
#2012-11 Acquisition of Equipment		100,000		5,000		95,000
#2012-12 Resurfacing of Church Street Phase III & IV		385,000		317,000		68,000
#2012-14 CY2012 Road, Curb & Sidewalk Program - Local		300,000		15,000		285,000
#2012-15 Sanitary Sewer System Improvements		250,000		15,000		235,000
	\$	3,385,000	\$	472,000	\$	2,913,000

B. Bond Anticipation Notes

On January 13, 2012 the Borough issued a Bond Anticipation Note in the amount of \$11,390,762, to temporarily finance expenditures related to various capital projects. The Borough awarded the sale of said note to Jefferies & Company, Inc. at an interest rate of 1.50% receiving a premium of \$38,047 resulting in a blended reduced effective interest rate. This note will mature on January 11, 2013.

On May 25, 2012 the Borough issued a Bond Anticipation Note in the amount of \$5,920,000, to temporarily finance expenditures related to Phase V of the downtown redevelopment. The Borough awarded the sale of said note to Spencer Savings Bank at an interest rate of .95%. This note will mature on May 24, 2013.

NJ Comprehensive Annual Financial Report

Single Audit Section

245 Union Street Lodi, New Jersey 07644 Voice 973.779.6890 Facsimile 973.779.6891

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Honorable Mayor and Members of the Borough Council Borough of Lodi, County of Bergen, New Jersey

We have audited the financial statements of the Borough of Lodi in the County of Bergen, State of New Jersey, as of and for the years ended December 31, 2011 and 2010, and have issued our report thereon dated June 30, 2012. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Lodi prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United states of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough's internal control over financial reporting as a basis to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards* (Continued)

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of it's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

We noted certain other matters that we reported to management of the Borough of Lodi, New Jersey in a separate letter dated June 30, 2012.

This report is intended solely for the information and use of the Borough's management, and council members, others within the organization, the Division of Local Government Services, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specific parties.

Note 1 - General

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Borough of Lodi, County of Bergen, State of New Jersey. The Borough of Lodi is defined in Note I to the basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

Note 2 - Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting. This basis of accounting is described in Note 1 to the basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 3 - Relationship to General-Purpose Finacial Statements

Organization

The Borough of Lodi, New Jersey is the prime sponsor and recipient of various federal and state grant funds. The Borough has delegated the general administration of grant programs and the reporting function to the Borough Treasurer. Substantially all grant and program cash funds are commingled with the Borough's other funds, although each grant is accounted for separately within the Borough's financial records. The Borough Treasurer's office performs accounting functions for all grants.

Basis of Accounting

The Borough's grants are presented on the modified accrual basis of accounting utilizing the following methods:

Current Fund Grants -

In accordance with a directive from the State Department of Community Affairs, Division of Local Government Services, all grant revenues and expenditures are fully realized within the current fund budget and corresponding receivables and spending reserves are recorded to account for grant activity.

Trust Fund and Capital Fund Grants -

In accordance with accounting principles prescribed by the State of New Jersey, grant receivables are offset with grant spending reserves.

Local Contributions

Local matching contributions are raised in the current fund budget. The percentage of matching contributions varies with each program. Local and state shares of grants are reflected in total on the Schedule of State Financial Assistance.

Expenditures

Expenditures, as reported on the accompanying schedules of federal and state grants, reflect actual cash disbursements charged directly to a grant program and, in certain instances, do not include allocated expenses or accrued expenses. Differences between budget and actual cash disbursements, as well as differences between budget revenues and actual cash receipts, are transferred to current fund balance when the grant is closed out.

Expenditures per Financial Reports

Expenditures, as reported on the accompanying schedules of federal and state grants, reflect the sum of all expenditures including allocated expenses and accrued expenses reported to the grant funding agency from January 1, 2011 to December 31, 2011.

Note 4 - Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 5 - Federal and State Loans Outstanding

The municipality did not have any federal and state loans outstanding at of December 31, 2011.

Note 6 - Contingencies

Each of the grantor agencies reserve the right to conduct additional audits of the Borough's grant programs for economy, efficiency and program results.
